# Annual Report

# 2023

University of Canberra Hockey Club acknowledges the traditional owners of the land on which we play our great game.

We wish to acknowledge and respect their continuing culture and the contribution they make to the life of this city and region.

We pay our respects to Elders, past, present, and emerging, and extend our respects to all Aboriginal and Torres Strait Islander people within our community.

# PRESIDENT'S REPORT

I don't think it would be inappropriate to say that the last 12 months have been a hectic and crazy time for UCHC. We continue to adjust to the newly adopted reporting period as a Board. This means that we are reporting on the end of the 2022 season, the 22/23 summer season and the start of the 2023 winter season.

Firstly, we finished the 2022 season with 6 teams in finals which was a great result. This included the SL1 Men and CL1, CL2, SL1 Red, SL2 and SL4 women's teams. Our SL2 and SL4 women progressed to grand finals and were unlucky to come away with runners-up medals. Overall, it was a fantastic result for the club to have so many teams in finals and allowed us to once again sport our incredible finals packs that were sponsored in full by Kinship Digital. No doubt, the focus will be to continue this fantastic form of our teams and continue to build with more teams in finals in the 2023 season.

At the end of 2022 and the start of 2023, the incoming Board had a focus on improving the governance of the club which included an update of the Selection Policy, Fee Policy and Code of Conduct and development of our Social Media Policy. This work was also to include the development of the new strategic plan for the club, as mentioned in the 2022 Annual Report; however, this became unpractical as we approached the end of 2022 (explained below). The Board also conducted a self-assessment of all areas of governance, integrity and operation using the Gameplan platform provided by the Australian Sports Commission. This not only allowed us to understand areas that the club excelled but also areas that needed attention moving forward and provided resources to make actioning those areas easier.

In the annual report from 2022, I mentioned that our relationship with the University of Canberra (UC) continued to be a tense one. Whilst we received the funding promised to us, unfortunately, the relationship continued to deteriorate. The club was given an ultimatum at the end of 2022 which was to either adopt the 'UC Stars' brand or cease to have a relationship with the university. The UC Stars is the brand being used by UCX for all their community sports clubs. Whilst there are some clubs that have adopted the brand such as UC Netball and UC Football, there are other clubs that no longer have a relationship with the university such as Uni Norths Rugby and Wests Cricket. The decision regarding the continued affiliation is a difficult one as it would mean that all reference to the 'Devils' along with current logos, colours, uniform etc would be abolished and the UC Stars branding adopted. This obviously means a complete change to the current identity of the club.

In meeting with UCX (the organisation responsible for the running of all university sports clubs) we sought an understanding of why the ultimatum had been given and whether we could come to a compromise between the 2 brands. Unfortunately, a hard line was taken by the university and the ultimatum remained. To inform the club, a letter was sent to all current members (Life Members included) from myself on behalf of the Board. It outlined all actions taken by both parties to that point in time and the planned actions moving forward. We also held an information night to better understand the concerns of our members and try to either answer or pass on any questions. Finally, a steering committee was created comprising of ordinary members (not on Board or Committee) of the club to review all the information involved in the matter and provide a recommendation to the Board. The reason for this was not only to get some fresh sets of eyes on the matter but also take the burden off the Board as they focused on running the season.

Moving forward, the steering committee will make a recommendation to the Board that will then ask members to vote on the matter. A decision must be made by August to allow for planning to begin for the changes that will come into effect next season regardless of the

direction the club takes. Either way, this will be a defining moment in the history of the club and one that will require a great deal of consideration from the Board and the members of the club.

On a much lighter note, I would like to give a massive thank you to all the people that volunteer in our club. From our Board members to committee members, coaches, managers, umpires, steering committee, and BBQ volunteers. Without these people, we simply would not be able to have a club and put teams on the park each week. The Board is unfortunately seeing a trend though, where it is the same people putting their hands up over and over. Whilst I understand the desire to simply turn up to training and games and that's it, we need more help from more people to ensure the club runs smoothly and to take the pressure off some of the people in the club that are doing the bulk of the heavy lifting. The incoming Board will need to focus on how to attract more volunteers to roles within the club, particularly given the considerable change the club will experience.

We continue to work alongside ANU in assisting with the running of Uni Juniors. Jo Stephens-Carlos continues to represent the club as Uni Juniors Vice President along with Patricia Oswald as Girls Coordinator. Additionally, we have several members that also coach throughout the junior grades which continues to build a connection between junior hockey for Uni Juniors and senior hockey for UCHC. We are starting to see the kids of UCHC members begin their hockey journeys with Uni Juniors and it won't be long before we start seeing the next generation play for the club.

Fundraising and sponsorship continue to be extremely important for the club as we cannot rely on receiving financial support from the university. The one-off funding from the university during the last financial period is unlikely to repeated and as such we must be creative in how we raise additional funds to maintain the cost of the sport for our members. Regardless of the decision around affiliation with the university, the club will have a new uniform next year. This does present a rare opportunity for the club to 'sell' space on the uniform and can guarantee that all members of the club will be wearing that logo for years to come. We will need to explore these opportunities towards the end of the year, ready for the 2024 season.

So, the last year really has been a hectic one and has put the club in a position where a decision needs to be made one way or another that will have a very significant impact on the history of the club. In saying this, it is also an exciting time of change and a chance for the club to redefine its priorities and set itself up for the years to come. And at the end of all of it…….we might just get round to developing a new strategic plan haha!

I would just like to say congratulations and thanks to a couple of people in rounding out my report. Firstly, I would like to once again give a massive congratulations to Megan Thomas and Jackson Leckie who were both inducted as Club Legends at our Presentation night last year. The award is recognition of outstanding service to the club and is richly deserved by both Megan and Jackson.

Finally, and absolutely not least, I would like to thank the Board for all their amazing efforts to this point. Each year it feels like more and more is asked of our Board of volunteers and somehow, they continue to deliver. Countless hours and efforts are spent making sure that so many people can enjoy the game they love. I know it is cliché, but it is truer than most would know, without the Board there simply would not be a UCHC. Thank you all for your incredible efforts.

**Sean Willis**

**President**

# FINANCE

The financial statements cover the 12-month period from 1 February 2022, to 31 January 2023.

The 2022-23 financial year saw UCHC finish with a minor deficit of $323 and a bank balance of $12,476. While the result is close to the budgeted break-even position, the club was fortunate to receive a one-off payment of $5,000 from UCX to offset higher than anticipated running costs, and the unrealised sponsorship payment from former sponsor BGIS. In addition, the timing of the indoor season running across financial years had an impact on receipts of indoor fees, which are expected to be recognised in the 2022-23 financial year. The main contributor to the increase in expenditure compared to the prior year was in field hire for training, resulting from more sessions booked, and an increase in umpiring costs for teams in State League 2 and above.

It is the aim of UCHC Board to maintain a break-even position going forward. In order to do so, with player fees being UCHC's primary source of income, it is imperative that these are paid in a timely manner to ensure UCHC is able to meet its obligations. The club's fiscal outlook is solid; however, the Board will be considering the impact of rising costs in competition fees and other expenses in 2022-23 and beyond, aligning its fee structure and funding strategy accordingly.

# EVENTS

2023 has been an incredible year so far, with our events receiving steady support and enthusiasm from our valued members. We have two to three more events in the pipeline for the remainder of the season, promising even more memorable experiences for everyone involved.

## Season Launch: Sun-sational Shenanigans

With the season creeping up on us and members' social calendars packed tighter than a goalie's pads, we decided to serve up some rays of sunshine at our Season Launch. We brewed up a plan to gather on a Sunday afternoon, sipping on cold ones at Capital Brewing. Attendance was healthy, with 40-50 members dropping in at some point across the afternoon. Thanks a "brew"-llion to Capital Brewing for fitting us into their busy lineup!

## Bar Rally: Saddle Up for a Ho-Down

Our much-loved Bar Rally made a wild comeback this year, and we wrangled our members into the wildest western attire for a night of hoedown happiness in Civic. While registrations trotted in slowly, we galloped to a total of around 55 cowboys and cowgirls joining the stampede.

We kicked off the evening at Bleachers Sports Bar, where we tackled beer towers, mouth-watering burgers, and a nail-biting NRL game on the big screen. Our bootscootin' took us to 88mph, where we hit the dance floor. At Dolly's, we indulged in cocktails and shots, making memories that'll last longer than a stubborn hangover. Kingo's was the next stop on our trail, where our local troubadour and UCHC member Kenny had us yee-hawing with his tunes.

Finally, we hoofed it to downstairs moose, where we kept the party going until the break of dawn. Hats off to all the venues for accommodating our lively posse, and a huge shout-out to our members and friends for bringing the stoke and showing us a rootin'-tootin' good time!

## Upcoming Events: Get Ready to Flex Your Brainpower

Prepare for a brainiac bonanza as we gear up for our upcoming Trivia Night, scheduled for July or August (date to be confirmed). It's your chance to show off your knowledge and outsmart the competition, all while having a barrel of laughs! And mark your calendars for the grand finale of the season, Presentation Night, on Saturday, September 23, at the Mercure Canberra.

## Communications: Devil’s in the Details

Our communication efforts have been key to keeping our members informed and engaged. We have established a solid structure, including the weekly Devils Digests and social media announcements of draws and events. However, we have temporarily paused milestone game shout-outs due to time constraints and technical challenges. Rest assured, all player milestones will be acknowledged and celebrated at our upcoming Presentation Night.

We value your suggestions on improving our communication channels, so please feel free to reach out to us at ucdevils@gmail.com or submit a feedback form on our website.

## Future Goals

Looking ahead, our goal is to ensure smooth event planning that accommodates all teams and minimises scheduling conflicts. While I won't be seeking re-nomination for the 2024 season, I would love to see established club social representatives across the men's and women's teams. These dedicated individuals will encourage greater attendance, enhance camaraderie, and assist in organising our social events to ease the pressure on our board. By fostering a stronger social spirit, we can continue to pride ourselves on our inclusive UCHC community that thrives both on and off the field.

**Megan Mackay**

**Events Director**

# SPONSORSHIP & FUNDRAISING

I would like to start by acknowledging the dedication and contributions from Matt Luff as the outgoing Director in this role at the end of 2022. Whilst I am new to the fundraising and sponsorship role, I am keen to continue on the back of Matt's work and continue to explore new opportunities for the club in both the fundraising and sponsorship space.

The past 12 months have been challenging for sponsorship and fundraising. Whilst the club's efforts in fundraising for the first half of 2023 have been good, unfortunately there were some setbacks in sponsorship.

## Sponsorships

Unfortunately, BGIS decided to terminate their sponsorship agreement prematurely, two years into what was originally planned as a three-year commitment. We extend our appreciation to BGIS for their past support and look forward to potential future sponsorship opportunities with them. In saying this, we will need to ensure our agreements with sponsors are more secure for the club to insure against lost funds.

Despite the challenges faced, and the changes within the board, we managed to secure and maintain a few notable sponsorships for the year. Our current sponsors include:

### Aclivity

Aclivity is a consultancy firm specialising in innovation and optimisation services for government and non-government organisations. Aclivity generously committed to an annual contribution of $3,000 per year for a three-year period. We thank Aclivity for their continued support during the second year of our agreement.

### KINSHIP digital

KINSHIP digital specialises in assisting businesses in realising their digital potential. KINSHIP digital generously covered most of the costs associated with our highly sought-after finals packs. These packs, featuring a unique 2022 design included a t-shirt and stubby holder, with KINSHIP Digital's contribution covering the cost of these items.

### CRUX media

CRUX media are the story telling experts, bringing ideas to life through captivating films that leave a lasting impression. CRUX provided media services, including a video to celebrate our 50th anniversary. Although 2022 marks the final year of our partnership, we extend our gratitude and hope to collaborate on future projects.

### University of Canberra

The University of Canberra fulfilled their previously pledged $5,000. This is something we had been waiting on for a while. The board expresses their gratitude for University of Canberra in honouring this agreement.

Looking ahead, the board is actively exploring alternative sponsorship opportunities for the upcoming year, aiming to strengthen our financial stability through multiple revenue streams.

## Fundraising

Whilst the club found it difficult to find fundraising opportunities in 2022, we have been quite successful in the first part of 2023. We have already held 2 Bunnings BBQ's in April (Majura Park) and June (Belconnen). The profits from these fundraising efforts will be reflected in next year's financials. The club continues to explore these opportunities with another Bunnings BBQ already locked in at Tuggeranong in August and the potential for fourth at Gungahlin. Whilst these BBQ's provide a great opportunity for the club, they cannot be relied on every single year and the board remains will need to continue exploring avenues to create new revenue streams for the club.

As always, we do rely on the wider club to help identify and assist with fundraising and sponsorship efforts. We encourage our members to contact the Fundraising and Sponsorship Director if they have any community connections that may contribute to our sponsorship or fundraising endeavours.

| **Sponsorship** | | |
|---|---|---|
| Aclivity | $3,000 | |
| University of Canberra | $5,000 | |
| **Fundraising** | | |
| | $0 | ($2810.86 next financial year) |
| **Total** | $8,000 | |

**Mollee Marsh**

**Sponsorship & Fundraising Director**

# TEAMS AND COACHING

I'd like to start by thanking all our excellent coaches this year—both our old faithfuls and new volunteers. Without all the effort and time that you put in, we wouldn't be able to function as a club. For that, we are extremely grateful.

## 2022 season wrap-up

Last season we had teams from Sl1 men, Cl1, Cl2, SL1, Sl2, and Sl4 women all make finals with our Sl2 and Sl4 women going straight through to grand finals. No premierships to finish 2022 but a huge effort to everyone last season and thank you to all the coaches and helpers particularly Jimmy Robertson, Bram De Lat, Andrew Martin, Jo Cornish and Jessica Edington who have either moved on to bigger and better things or simply have just had a break for this year.

## 2023 season

This year was a tough one for grading. We had to comply with Hockey ACT's request to have a team in the SL5 competitions before having a second team in any other grades and unfortunately we didn't see a surge of players. This meant we needed to stick with the same amount of teams, but drop our second SL2 men and SL1 women's teams. Coaches should be commended for how they handled players expectations and concerns and worked with the board to ensure we structured teams and accommodated players requests. Without everyone's composure it had the potential to be chaos. I also need to thank most club members for their patience and understanding as we worked through it all. It was not an easy feat, particularly on the Women's side where we have a huge amount of talent in the CL2 – SL2 levels.

As a university club, we are very transient with our player numbers by nature. This year is no exception. While we have gained many new faces, we also farewelled a few. Numbers in the club allowed for 13 players per team at the start of the season. With injuries and late withdrawals, we are able to provide club members with more game time whether that was helping lower teams, opportunities for development by filling in higher grades or across into the men's teams. It's fantastic that as a club we can help other teams and it's a great way to meet new people. While some find this number shortage frustrating, I would encourage the board to not drop teams which would result in 17 player squads for the convenience of a few and instead focus on quality of product and providing value for money to majority of our members. If we want to grow as a club, some thought does need to be put into a recruitment strategy outside of university and Uni Juniors – although it is fantastic to see so many juniors join the club this season both on the men and women's side.

## 2023 Coaches

We are once again fortunate enough to have coaches for each of the teams this season. Our new CL2 Men coaches Bingers and Reita stepping up has reenergised the group, we welcomed Taylor and Robin to the SL1 men, the Me(a)g(h)ans teamed up to guide the SL2 men and we welcomed Bob back to the club now that we have wrangled the whole Coughlan/Hasler/Duren clan over. Of course, we had our old faithfuls steering the women CL grades, but we had a new line up in the lower grades. We have Beibs taking SL2, Zav with our SL3 and Will taking SL4. The rest of our coaches returned for another season, and I thank them for their commitment and time. They are all doing a fantastic job bringing their teams together and supporting each other which makes the boards job so much easier.

The coaches for 2023 are:

| Women's | Men's |
|---|---|
| CL1 – Andrew Berwick | CL2 – Jess Bingley and Reita Holmes |
| CL2 – Mel Titley | SL1 – Taylor McNiven |
| SL1 – Mat Evans | SL2 – Megan Thomas and Meaghan Clack |
| SL2 – Ryan Dix | SL3 – Brianna O'Keeffe and Chantelle Blackwell |
| SL3 – Zavier Smith and Mat Evans | SL4 – Bob Coughlan |
| SL4 – Will Rose | SL5 – Lincoln Green |
| SL5 – Kenny Duren | |

## Teams and Finals Opportunities

### Women

It was expected we would be quite strong this year in the SL women's grades, due to having to combine our two SL1 women teams into one and having a premiership-winning SL2 team. We knew this would cause some attacks from other clubs, but this was a requirement from Hockey ACT and we aren't the only club dropping already dominant teams into lower grades. I am happy to report that while we are only a bit past halfway through the season for this year, our women have been amazing and it looks like all teams will be in contention for finals, all our teams in the top 4. We are close to already confirming teams for finals being unable to be knocked out, with a few teams playing off to lock their spots in over the next few weeks.

### Men

Similarly, to the women, we did have to drop a team down a grade to ensure we filled the newly created men SL5 grade this season. This meant we needed to decide whether the SL2 team continued to be a development grade or have our veterans remain in that grade. The returning 2022 SL2 men made the call for us, choosing to play SL3 and open those SL2 spots for new players and the guys who want to be playing SL1 and CL2 in the future. We have a great group of guys in the SL1 and SL2 teams who are getting exposed to higher hockey and developing because of it − something that had been missing for the last couple of years.

The men's sides are once again competitive this year and should also be proud of their efforts so far. We are on track to have 3 of our 6 teams in finals (and currently sitting pretty in the top 2), with teams once again close to locking in the final's spots.

## Training Times

Training was held again on Wednesday nights from 6pm to 9pm, with an additional time on Monday night, utilised by our CL women. Attendance at training has not been as great as it has been in the past, particularly in the higher grades due to clashes with representative trainings. The board considers a lot of factors when deciding training times. We ensure that every team does have the time available to train even if they are not taking advantage of it. We also prioritise those who give back to the club – our coaches and managers do not get compensated for their time, the least we can do it try to make sure they can train with their teams that they pay fees towards. Whilst we would love to accommodate every request, we do prioritise our volunteers and try to adjust where we can. Thank you for everyone's understanding and flexibility this year.

## The Future

As mentioned previously, our women were faced with an interesting challenge this year and seem to be rising to the occasion. We are loving having so many juniors playing on the women's side and how many new people joined us. With coaching arrangements coming to an end this year, we will be looking to lock in a plan forward.

As mentioned, HACT made us move down teams this year so we would have a team in every grade. We saw many disappointed people in the club and have had some abuse from other clubs about our stronger teams. I thank everyone for their maturity and being open-minded to what the season could be. We reaffirm what we said last year, that leveling out grades with less teams in each division should be a key goal for HACT. We will see the outcomes and how this plays out at the end of the season but without a boost in recruitment, we will be likely stuck with this teams structure next year. So, if our members would like more teams, I encourage you to recruit your friends to play.

We saw more juniors join the men's side of the club this year, which was great and a big shout out to Beibs for the work he is doing with Marist boys. While our CL2 team continues to be competitive, we do need to look into ways to strengthen the club at this level. Without recruitment of stronger CL2 players, we will struggle. The men's side of the club still shows ambition to participate in the CL2 competition so thought needs to go in to how we can retain those players and support and build this team going forward.

Perhaps the biggest unknown for the club in the future is the re-branding as demanded by UC. It is yet to be determined how this will impact our club structure and development going forward.

Once again, a big thanks to all the coaches, managers, and everyone else that helped or even supported our teams this year. You guys make this club great, and we hope to see you again next season.

**Mat Evans**
**Teams and Coaching Director**

# REPRESENTATIVE ACHIEVEMENTS

The following individuals are recognised for the achievements at representative level both at National Level competition and International Level competition. These individuals were current UCHC members at the time of their achievements.
